

The General Management is committed to **ALIGN WITH THE REQUIREMENTS OF IATF 16949:2016/ISO 9001:2015 and ISO 14001:2015**. To use the **ADEQUATE RESOURCES FOR THE ACHIEVEMENT** of quality and environmental objectives, compliance with customer requirements and legal requirements, as well as our corporate responsibility policies promoting anti-bribery guidelines, code of conduct and ethical behavior in the face of irregular practices and **COMPLIANCE**, taking into account the **RISKS and OPPORTUNITIES**.

With the help of the **QUALITY AND ENVIRONMENTAL MANAGEMENT system, WE WANT TO ACHIEVE EXCELLENCE IN OUR PRODUCTS THAT ACHIEVE ENTHUSIASM, CUSTOMER SATISFACTION AND CONFIDENCE**, with the support of the relevant stakeholders on which they depend for their success.

New KSS team priorities are established: **Increase safety, quality and environmental improvement, increase production strength, improve profitability and motivational improvement activity**. By reviewing the Quality and Environmental Policy we ensure that it is appropriate to the nature, magnitude and environmental impacts of its activities and products, being communicated and published ensuring that all people understand it, share it and are committed to it.
